& More

"For I know the plans I have for you," declares the Lord, "plans to prosper you and not to harm you, plans to give you hope and a future. Then you will call on me and come and pray to me, and I will listen to you. You will seek me and find me when you seek me with all your heart."

Faith-Based Programs Nationwide

FAITH *in* RECOVERY

He heals the brokenhearted
& binds up their wounds

PSALM 147:3

Faith-Based Addiction and Mental Health Treatment Program

We provide caring, professional substance abuse and dual diagnosis treatment from a Christian faith-based perspective.

Faith in Recovery is designed to allow you to establish and restore your faith and relationship with God while also addressing your addiction. This integration of clinical and faith based programming has been specially tailored to meet you exactly where you are on your path to recovery.

Specialized Integrated Faith Treatment

We welcome all Christian denominations, those of other faith affiliations, or with no faith at all. Our Christian therapists will meet you wherever you are on your spiritual journey. Our aim is to provide an environment that is non-judgmental and non-condemning while honoring Biblical principles.

Faith in Recovery provides various levels of care. In addition to our faith based programming, clients will also be assigned a christian therapist for their clinical treatment programming.

What Separates Us from Other Treatment Options?

This is not a track as some treatment facilities offer, which generally only consist of a Bible study and weekly off-site church service. We are a full comprehensive faith-based program. Our program approaches addiction and mental health disorders from a non-denominational Christian faith and clinical integrative perspective.

Our staff includes a full time National Faith Director, Chaplain, Biblical Counselor, Behavioral Health Technicians and Master's level Therapists.
